

ZENTECH

For Immediate Release

Jay Colognori to lead Zentech's Mil-Aero and Space Market Initiative

December 12, 2014 Baltimore MD

[Zentech Manufacturing](#) is pleased to announce that Jay Colognori has joined the Zentech Manufacturing, Inc. team as Director, Business Development / Mil-Aero and Space Markets.

Mr. Colognori is widely respected in the Mid-Atlantic market and beyond for driving innovative engineering solutions to solve the most challenging of printed circuit board requirements. His prior positions include Sales Engineer-Strategic Account roles with both DDI and Viasystems.

His primary responsibility will be leading Zentech's growth initiatives in the Mil-Aero and Space markets nationwide and leveraging Zentech's position as the first electronics contract manufacturer certified to the [IPC J-STD 001 Space Addendum Qualified Manufacturer List \(QML\)](#).

A graduate of both Virginia Tech (B.S.) and the University of Virginia (M.S.) in Electrical Engineering, Jay will also be integral in the roll-out of Zentech's enhanced Engineering Services portfolio to our customers in 2015.

John Vaughan, Vice President, Sales and Marketing of Zentech stated, "Jay is the consummate sales engineering professional and will be a tremendous asset as Zentech continues our rapid growth trajectory. In that many of our customer engagements are at the program level with military primes and direct with the DOD, Jay's vast experience in this very dynamic sector delivering engineering solutions will greatly benefit both our customers and Zentech."

About Zentech: Zentech Manufacturing, Inc. is a privately held, engineering-driven contract manufacturer specializing in the design and manufacture of highly-complex electronic and RF circuit cards and assemblies. The company is headquartered in its purpose-built facility located in Baltimore, MD and maintains several key certifications, including ISO 9001:2008, ITAR (US State Dept.), AS9100 (aerospace), and ISO 13485 (medical). In addition, Zentech is a certified IPC Trusted Source supplier for Class 3 mission-critical electronics, and the company is IPC J-STD-001 Space Addendum QML certified.
